

Now Enrolling:

A Clinical Research Study for  
Primary Sclerosing Cholangitis (PSC)

## Living with itch due to PSC?

We are now seeking potential participants for  
an investigational drug research study.

### About the Study

Qualified participants may receive compensation for time and all travel related expenses (including long distance travel). Study-related medications and examinations are offered at no cost to qualified participants.

### How Can Clinical Research Help Me or a Loved One?

Clinical research allows you to take an active role in your treatment while helping to contribute to medical advancements for present and future generations.

Learn more today by visiting the study website at  
[www.vistasPSCstudy.com](http://www.vistasPSCstudy.com) or [www.clinicaltrials.gov](http://www.clinicaltrials.gov)  
and searching the study ID, **NCT04663308** or  
**VLX-301**, and/or the study name, **VISTAS**.

### QUALIFIED PARTICIPANTS:

ARE 18 YEARS OF AGE OR OLDER

HAVE A CONFIRMED  
DIAGNOSIS OF PSC

ARE CURRENTLY AFFECTED BY  
CHOLESTATIC ITCH CAUSED  
BY PSC

Additional study requirements and exclusions may apply.
